# LOCK IN PREMIUMS. LOCK OUT RISK.

**Early Order  
Premium**

# COMMITTING EARLY PAYS DIVIDENDS

Reducing risk and securing better returns should form part of your grain marketing program.

By contracting early to Southern Ag Grain's EOP, you'll earn a premium over our already competitive pool returns.

## EOP FEATURES

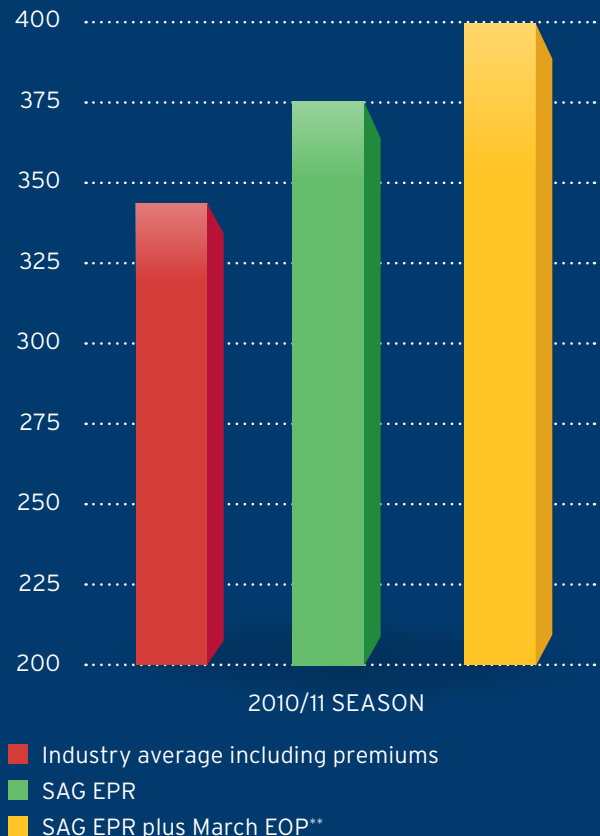

- + Lock in generous premiums for wheat, barley and canola
- + Lock out production risk with a maximum cancellation fee
- + Gain access to a Guaranteed Minimum pool return, Balance of Crop and Early Delivery premiums (if available)
- + Receive industry-leading quality rewards for wheat
- + EOP typically outperforms the cash market each year

To get proven results from a dedicated team, call your Southern Ag Grain representative and talk to us about how we can help maximise your harvest returns.

## EOP OUTPERFORMS INDUSTRY AVERAGE EACH YEAR

Southern Ag Grain wheat pool returns versus the industry average\*

FOB VALUE

\* Calculated using the average of four competitor pool returns.  
\*\* Does not include SAG industry-leading quality rewards.  
\*\*\* Figures are based on APW1 EPR over the nominated timeframe.

## ABOUT SOUTHERN AG GRAIN

Southern Ag Grain is a joint venture between grower-owned Southern Agventure and leading grain marketer, Emerald Group Australia.

Proudly local and grower-focused, this joint venture enables growers to take control of their grain marketing while benefiting from the collaboration

with a dedicated and experienced local risk management team. Southern Ag Grain was formed by grain growers for grain growers. With this in mind, be assured that our focus is on maximising returns for our customer, the southern NSW grower.

It's a mixture of understanding, knowledge, fresh ideas, diligence and commitment that defines the Southern Ag Grain approach.
